This map illustrates the transportation network in Higashi-Shiga and Tsuru-Shiga. It features bus routes color-coded by frequency (from blue for 0.5-1 routes to red for 4+ routes). Purple and orange shaded regions indicate demand-based taxi service areas for Higashi-Shiga and Tsuru-Shiga, respectively. The map also shows railway lines with frequency indicators. Various facilities are marked with icons: post offices (〒), elementary and middle schools (★), high schools and universities (⊗), hospitals (⊕), and large retail outlets (pink, yellow, and blue dots). Specific locations labeled include Maibara, Maibara Station, Maibara City, and various schools and hospitals. Two detailed insets are provided: one for the Maibara area showing a dense network of bus routes and taxi demand areas, and another for the Tsuru-Shiga area showing bus routes and taxi demand areas. The map also shows the coastline and surrounding areas.
